Wishful Thinking

*Sarah
Vandella*

A chef? What was I thinking when I thought I wanted to become a chef? I could barely boil an egg. I think my daydreaming of my own cooking show wasn't a real life game plan. But when my boyfriend fucked me in the kitchen, I thought, 'Now I could do *this* for a living.' And so it was.

Wishful Thinking

Sarah Vandella

Us: I can't tell you when was the last time that I saw someone as sexy and erotic as Sarah. She has a great mix of sultry siren and innocent soccer mom, but when it comes fucking, she is highly sexual. My great pleasure came at a small coffe shop on Ventura Boulevard when she showed up in a cute crop top and short bicycle shorts. The epitomal California girl. We talked, and talked, and talked...

Sarah: When I was a junior in college, I was hanging out at my house waiting for my BFF to get back from a shopping trip to the mall. I was hungry so I went to the kitchen to make myself some banana muffins when I was surprised by my boyfriend walking in. It looked like he just woke up because his eyes were sleepy

and he was naked from the waist down., and a bit hard, I must say.

Us: Looks like your cooking classes might come in handy about now. Did he have some of your muffins?

Sarah: chuckles... Yes, yes he did., I had just pulled them warm from the oven and took one and shoved it onto his cock. He moaned and I went right to work on eating my muffin and sucking his cock. When I finished sucking, he added his cream to it and I finished whatever was left on him.

Us: Wow, good story. Then what...

Sarah: Well, he waid I was great at it and should consider doing it for a living. I kinda blushed and said that I wasn't that good a cook.

Wishful Thinking

Sarah Vandella

He laughed and said, 'No, at giiving blow jobs!' Well, I wasn't expecting him to say that. Then I was even more surprised when he said he met the publisher of a men's magazine and showed him some of my pictures.

Us: I wonder if it was our magazines? He's always out there looking for pretty girls.

Sarah: I don't know, he never told me, but he did say that he'd set up a photo shoot for me next week after my classes finished. I said that was pretty out there, but I would think about it. My first inclination was to say no, but in talking with my BFF after she came home, I decided to give it a try, so I did.

Us: And so, how did it go on the shoot.

Sarah: It went surprisingly good. I was so nervous, My BFF came along and helped make it more comfortable for me. Being naked in front of new people was new for me, but I quickly got into it, and the photos were great.

Us: Were the photos submitted to the publisher?

Sarah: They were. I got a call from the photographer and she said they loved my look. Would I be interested in doing more, perhaps a little more explicit? I didn't think I was ready for that, but again, I thought ablout it and asked my BFF if she would pose with me. She said she

would and so we shot two weeks later.

Us: And how did that shooting go?

Sarah: It was a blast! We shot for four hours doing all sorts of things. I was surprised how sexual I became, and how nice it was doing a girl. My BFF had been with other girls before, so she was a little more comfortable, but I caught up quickly.

Us: And after...

Sarah: Wait... I'm not finished... The best apart was after the shoot when I went home with my BFF and we ended up fucking the night away. It lasted almost until dawn, with

some wine drinking and long talks in between licking her pussy and eating her ass, and she doing that, and more to me.

Us: And more...?

Sarah: Don't interrupt, I'm getting there... Turns out she had a double ended dildo in her bag and brought it out. I had never done anything like that. She was good with me, and we must have shared that dong for two hours. Well, all that, and some more long converstaions about sex and the adult business made me comfortable enough to try it. Soon afterwards, I split with my boyfriend, moved to Los Angeles, and the rest, as they say, is history.

A photograph of a woman's legs and arm in a garden setting. She is wearing light-colored high-heeled shoes and gold chain bracelets. Her right arm is raised, and her left hand is resting on her hip, holding a small glass object. The background is a blurred garden with green foliage and a wooden post with a black metal bracket on the left.

Spaced Out!

A lone beam poked through the night as the van, chugging and belching smoke, approached the isolated bluff. Ken had been meaning to replace the headlight and repair the faulty exhaust for weeks but just hadn't found the time. Or money, he thought with frustration . . .

His father had warned him, telling Ken on numerous occasions that music was a dead end, a recipe for disaster. "Be a doctor, lawyer, banker. Hell, even a teacher," his father had preached. "You'll starve to death trying to make a living with music . . ."

Ken wasn't exactly starving. Still, his financial situation was hardly ideal. If it hadn't been for Laura he would have been living on the streets. His girlfriend did okay working as a freelance writer for a publisher of outlandish paperbacks. Her specialty was confessional-style nonfiction about the paranormal. A diehard UFO conspiracy theorist, Laura had managed to find the perfect job to compliment her kooky worldview.

The bluff had been her discovery. Laura liked to get high and gaze at the stars. She claimed to do this for artistic inspiration. Free from the smog of the city where they shared a cramped apartment, the bluff was the perfect escape, the ideal getaway for a person of Laura's ilk.

Their late night trips to the secluded spot had become increasingly common, so much so that Ken, typically unconcerned with current issues, had begun to cringe at the rising cost of gasoline. Even now, easing the van to the precipice, he peered at the fuel gauge and sighed wearily.

Granted, his was a bittersweet reaction. Driving to the bluff was hard on the wallet, sure, but fantastic in every other way. Gazing at the stars never failed to ignite Laura's libido. Add a little pot to the mix, which they always did, and he was in for a super good time.

Per their usual routine, the young couple sat on the cliff's edge; their sandaled feet dangled in space as they shared a joint. It was a clear night. The sprawling city lay beneath them, vast and glittering. Atop the bluff, one could almost believe that it was a good place, free of crime and corruption and pollution.

Of course the pot helped reinforce this fantasy. Theirs was a drug-induced pipedream. Laura and Ken were both higher than giraffe pussy.

"Come on." Laura grabbed Ken's arm. "I'm horny."

Ken followed her to the van. He had outfitted the vehicle with a comfy air mattress and several throw pillows. They left the side door open to combat the stuffiness of the van's interior. The roof was low, requiring them to stoop slightly as they undressed.

Laura unbuckled the shoulder straps of her baggy overalls and let the garment fall to the floor. She hadn't worn panties or a bra. Her turgid nipples pressed against the fabric of a tight-fitting T-shirt. Green letters adorned the white shirt--THE TRUTH IS OUT THERE; this below the image of a flying saucer zipping across the sky.

Ken's eyes devoured her ample mounds; as well as the dark thatch between her thighs. His cock was harder than a rolling pin. He lay on the air mattress, his head propped on a pillow as Laura joined him and commenced to giving him head. A band of moonlight shone through the open door, lashing her pretty mouth as she devoured him greedily.

Laura licked and sucked and pumped, prepping him with deft skill. Ken slid a hand beneath her shirt. His girlfriend's tits were big and soft, her nipples stiff and responsive to his touch. Her head moving frenziedly in his lap, Laura dropped a hand between her legs. She was wet down there, her pink crevice slick and ready to be penetrated by the big cock in her mouth.

She came up for air. "Fuck me," she said. "Fuck me like a dog . . ."

Laura loved it doggy-style. Ken, ever the accommodat-

ing boyfriend, positioned himself behind her wondrous rump, poking and prodding with his bulbous glans, teasing her until she begged for it. Even then he waited. The moonlight which had lashed her ravenous mouth now shone on her curvy hips and spectacularly plush ass. He admired the view for a few seconds more.

Finally he entered her, plunging his dick into the tight heat of her hairy cunt. She had left her shirt on; her hips flared inches below the hem, flared and rounded to become her finest feature, that big butt of hers which jiggled as he pounded it with piston-like thrusts.

Ken's band, Eviction Notice, was supposed to have had a gig tonight. Unfortunately the lead singer had come down with a nasty cold and they had been forced to cancel. Ken had been crestfallen. No gig, no money. And he was hurting for money. But now, hammering Laura's hot hole within the cozy confines of his beloved van, he thanked the stars above for the cancellation.

After all, money wasn't everything. A man needed it, sure. But a man needed pussy, too . . .

He banged Laura from behind until she came; then he withdrew and watched with anticipation as she turned around and raised her shirt. Exposing her big beautiful breasts, Laura squeezed them together, titillating him as he remained there, his knees sinking into the air mattress, with cock in hand.

"Stick it in there, baby," Laura instructed him. "Fuck these big titties . . ."

And that's just what Ken did. Laura lay supine on the air mattress. He climbed on top, positioning his hips above her sizable cleavage. His cock slid perfectly between her tits. Still, Laura pressed them together to make for a tighter fit. Despite fucking her tits too many times to count, Ken never tired of the experience.

"That's it, baby," Laura urged her boyfriend. "I want you to come all over my fucking face . . ."

Two things happened at once. Ken shot his load in Laura's face. And a blinding white light filled the interior of the van . . .

"What the fuck!?" Ken gasped, shielding his eyes from the intense illumination.

Laura turned her face away from the open side door.

Their entire world had turned white. A deafening roar filled their ears. A wicked wind threatened to capsize the van. Had either of them been able to see they would have witnessed the snapping of branches, the whipping and scattering of dirt, the tossing of boulders as if they were mere beach balls.

And then it was over. No sooner had the ruckus begun than it came to an abrupt end. The white light dissolved.

But something remained in the wake of the cacophonous disturbance, something neither of them, not even Laura, could quite fathom.

Ken said, "I don't believe—"

"Believe it," Laura cut him off. "You're looking at the real deal, a bona fide flying saucer!"

The disc-shaped craft had touched down a short distance from the van, landing dangerously close to the edge of the cliff. Its seamless, windowless exterior resembled stainless steel. A scarcely perceptible hum—Laura likened it to the sound of their refrigerator—emanated from the spaceship.

Unconcerned with being naked from the waist down, Laura scrambled into the front of the van and swiped her camera from the glove box. She never left home without it. She pushed open the passenger side door and stepped outside, approaching the craft warily as she turned her camera this way and that in search of the best angle.

"Careful," Ken warned her. "Don't get too close. We don't know what—"

A green beam lanced from the top of the saucer, striking the ground just a few feet from Laura. Ken screamed. Laura, momentarily stunned yet determined to get her photograph, raised the camera to her eye.

That's when she grasped the beam's function; no weapon, she deduced, but rather a means to disgorge occupants. The expelled alien lay on the dirt where the beam had slammed into the earth. The extraterrestrial didn't move; it seemed unconscious, perhaps even dead.

Ken kept his distance. The same could not be said for Laura. Giddy with excitement, she knelt beside the immobile visitor like a paramedic tending to a car crash victim.

"Far out," she said. "A lizard man from outer space!"

"Is it breathing?" Ken asked.

"I think so."

There was genuine awe in her voice as she examined the prone figure which, save for its green reptilian hide and crocodilian head, was built like an earthling—a torso, two arms, two legs. It wore a bright pink loin cloth of undetermined material with matching cape, gloves, and boots. Straight out of a sci-fi comic book, Laura thought amusedly, daring to touch a scaly shoulder.

Without warning the spacecraft took off into the night, its departure nowhere near as rambunctious as its arrival. No intense white light. No strong wind. It simply lifted straight up and whirled away like a giant discus.

“They’re leaving it.” Ken pointed at the fleeing saucer. “Why in the world would they do that?”

“Beats me,” Laura replied. “He’s ours now.”

“He?”

“Definitely. Check out the bulge in that loincloth.”

“I’d rather not.”

Laura lifted the alien’s shoulders from the ground. “Come on, Ken. Help me get him into the van. We’re taking him home.”

Ken started to protest, but decided against this. Laura was headstrong and argumentative. And he was nothing if not pussy whipped.

Ken awoke with a start, immensely relieved to have exited the worst nightmare of his life.

Of course he had dreamed about the alien. How could he not? But the subject of his dark dream was nothing like the docile creature they had brought home. The nightmare alien had attacked Laura as soon as they had gotten him inside the apartment, rending her throat with its awful teeth.

Now, his forehead damp with perspiration, Ken realized that Laura’s side of the bed was empty. She must’ve gone out on the fire escape to smoke a cigarette; either that or she had gotten up to check on their space visitor.

The alien had regained consciousness during the ten o’clock news. Attempts to communicate with the creature had been unsuccessful. Its language was a garbled mish-mash of screeching, birdlike caws and raspy coughs.

Still, it seemed friendly enough, especially after they had given it some of Ralph’s dog food and a bowl of water. Laura’s dog hadn’t been too happy about this. Ken couldn’t blame him. The apartment was already cramped enough without a new addition.

But what could they do? Calling the police was out of the question. Every government agent in the country would descend on their little apartment. Life as Laura and Ken knew it would come to an end. Hell, they might even be eliminated. At the very least they would be forced to live the remainder of their lives in total isolation, deprived all communication with the outside world.

Ken rolled out of bed. He padded to the bathroom in his boxer shorts, took a piss, flushed, and washed his hands. Then he went in search of Laura.

He heard his girlfriend before he actually saw her, his face twisting with concern as he approached the tiny laundry alcove which she also used as her writing studio.

He parted the beaded curtain just enough to peer inside.

Laura was bent over her writing desk, the little pink nightie she had worn to bed hiked up over her hips. Resplendent in his cape, gloves and boots, the alien stood behind her. His pink loincloth was on the floor. His massive cock was inside Laura.

Careful not to betray his presence, Ken watched the sordid scene with morbid fascination. Clearly the alien had made a complete recovery. He seemed stronger than a thoroughbred as he pounded Laura from the rear. There

was no denying her pleasure; it was written all over her contorted face as the extraterrestrial cocksman fucked her silly.

Shit, Ken thought, throwing up his hands in despair. He hastened to the kitchenette, plucked a cold one from the fridge, and went out on the fire escape. The city was alive. The city never slept.

Ken took a hit of beer. The suds helped clear his head. It made sense, the alien’s expulsion. He was a horny bastard. Probably fucked anything that moved, Ken reasoned, probably fucked the ship commander’s wife. Well, that’s one way to get rid of a troublemaker . . . dump his ass on another planet!

“Now he’s my problem,” Ken muttered to himself.

No doubt Laura would write about it. He could already see the title of her next book: *My Alien Lover*.

Ken thought about his father’s advice. The old man had been right. Music was for the birds, music and the whole fringe lifestyle that went with it. Fuck the band. And fuck Laura. He needed a simple woman with a good head on her shoulders, a woman with all of her ducks in a row.

These New Age chicks were bat shit crazy!
